\*Figures unreliable due to large turnover of pupils.

The foregoing tables are for the school year ending June, 1937. They show that more than the standard years work was done in your schools during the year at a slightly lower cost than during the previous year. In three of the school rooms in which less than a standard years achievement was accomplished the pupils were still above standard, and in the fourth instance the change in pupils was so great that the figures are in no way comparable. I consider the ideal situation to be one in which the accomplishment is slightly more than standard with the school median standing at from ... .1 to ... .4. From a situation a few years ago in which practically all your school rooms achieved less than a standard years work and when nearly all pupils were considerably below standard median, you now have a condition in which your pupils are approaching more closely to this ideal. I feel quite certain that the present year is again resulting in excellent pupil achievement.

## REPAIRS AND RENOVATIONS

The installation of modern electric wiring and suitable lighting fixtures in the Center Rutland School during the summer of 1937 was a much needed improvement. The renovation of the Town Hall in the same building by the Board of Selectmen including the building of a permanent stage and the provision of curtains for the stage by the Parent-Teacher Association was another fine act which was greatly appreciated. The Parent-Teacher Association had provided book shelves for the room libraries earlier in the year and had also fostered the provision of warm lunches for the pupils who find it necessary to eat lunch at the

school. Only one thing now remains to be done at this school to reach the standard or superior rating. That thing is the improvement of the grounds around the building. I would recommend that this matter receive the attention of the School Board and of the other interested parties.

The Post and Mill Village schools should be again brought to superior rating before the end of this school year. The expense involved in these projects is not great and you are carrying over sufficient funds for the purpose.

In nearly all playgrounds the permanent play equipment has fallen into poor repair. This equipment should be renovated.

During the coming year one of the three overcrowded one-room buildings should be renovated. If each of these buildings was to receive the major portion of your repair budget for one year together with the state-aid available they could all be made truly superior schools in three years with sufficient room and equipment for doing really superior school work. The only question involved is willingness to carefully plan and execute the work.

### FINANCE

The reduction of your indebtedness to the amount of more than \$1,300.00 was accomplished in addition to making the necessary expenditures for materials. Some expenditures which I believe are really necessary to the full development of your pupils are not being made. The expense of having music supervision would not exceed \$250.00 for the year. This expenditures would insure a more thorough learning of and appreciation of music by all your pupils, placing them on a par with their neighbors who happen to attend Rutland City schools. Another expense which I believe to be necessary to the wellbeing of your schools over a period of years is the repayment to your teachers of another increment of the salary which was taken away when salaries were generally reduced several years ago. If you

are to retain teachers as capable as those you have had in the past and as capable as those whom you now employ a satisfactory salary is a necessity. These expenditures would not necessitate raising the school tax nor stop reducing your debt.

I wish to express my appreciation of the fine support which teachers, organizations and citizens generally have given to the schools of Rutland Town during the past year.

Respectfully submitted,

WINN L. TAPLIN,  
Superintendent of Schools.

The Unselected Highway fund of \$1,162.50 received from the State was expended on the Post Rd. beginning at intersection with U. S. No. 4 extending northerly one half mile to Bobbin Mill Turn. This road was very narrow and muddy.

It has been widened, based, graveled, and culverts installed where needed. The labor on this project was paid from W. P. A. Funds.

The Town Hall was cleaned and painted, the Board of Selectmen and Center Rutland P. T. A. cooperating of which the later paid \$50.00 of the expense. We wish to thank the P. T. A. for their very fine cooperation with us.

Tools in our possession are 2 lawn mowers, 2 picks and 1 rake.

Respectfully submitted,

FRED S. HAWLEY,  
JESSE D. BILLINGS, JR.  
HARLEY J. BLAKEY.

 1 Set of 6 Horse Lines  
 2 Stone Hammers  
 1 Rake  
 1 Stone Boat

On Feb. 1st, 1937, in order to continue the W. P. A. work and keep families self-supporting it was necessary to match Highway Funds with the W. P. A. Funds. The Project was on the West Proctor Road.

This, together with the washouts in Feb. and the very severe storms in August which damaged East Pittsford Road, Grove St., Gleason Road and Osgood Hill cost the town a great deal of extra money.

Calcium chloride was applied to the Billings, Cold River, Dyer, Grove St. and East Pittsford Road.

The State paid one half or \$405.85 of this extra maintenance.

The State also paid 2/3 of the cost of the Surface Retreatment of the East Proctor Road, or \$383.33.

The 5% and State Aid Funds have not been used yet but work will start soon.

Balance Feb. 1, 1937	\$ 557 47

## AUDITOR'S REPORT

The auditors have examined the accounts of the Town officers and town school district officers as submitted to us and they are correct.

Hereafter we must insist that all orders drawn by town and town school district officers be accompanied by proper and fully itemized vouchers before checks will be written for them.

We also insist that each officer furnish to the auditors an itemized account of all unpaid bills as of Feb. 1st each year.

We recommend that the practice of signing blank orders by officers be stopped.

We recommend that the tax collector be instructed to furnish the auditors a list of any partly paid taxes in his possession as of Feb. 1st each year.

We commend and appreciate the efficiency with which our town officers have handled their respective duties. We would like to urge that a resolution be passed that each department keep the expenses within the income voted for that department.

Our debt is being steadily reduced and only by guarding against increasing expense can this be wiped out. A slight increase in our income the past year must not be taken as assurance that it will be permanent nor assurance that our taxpayers will be content with our present tax rate.

We recommend that the same tax rate for each department (as of 1937) be voted for the ensuing year.

Respectfully submitted,

DONALD V. RUSSELL,  
LEIGH HUNT,  
CHARLES B. KEEFE,  
Rutland Town Auditors.

## WARNING

The legal voters of the Town of Rutland and the Town of Rutland School District are hereby warned to meet at the Town Hall at Center Rutland on Tuesday, March 1, 1938, at 10 o'clock A. M. to act on the following matters, namely:

1. To see if the Town will empower and authorize the Selectmen to appoint one or two Road Commissioners.
2. To choose all necessary officers required by law.
3. To see if the Town will vote to raise money by tax or otherwise to pay current expenses and indebtedness of the Town and State, School, Highway and County Taxes. If by tax how much.
4. To see to whom and when the several taxes shall be due and payable.
5. To see if the Town will appropriate two hundred dollars to secure the use of Rutland Free Library to the inhabitants of the Town.
6. To see if the Town will authorize the Selectmen to borrow money for the temporary use of the Town.
7. To see if license for the sale of malt and vinous beverages shall be granted in this Town.
8. To see if spirituous liquors shall be sold in this Town.
9. Will the Town authorize the auditors of the Town to employ the services of an accountant from the office of the auditor of accounts as provided by No. 55 of the Acts of 1937 to conduct an audit of the accounts of the Town.
10. To see if the Town will authorize the Selectmen to install a street light on sandy hill located on East Proctor Rd. at \$2.67 per month.
11. To see if the Town will pay expenses of the Town Clerk living more than 50 miles from Montpelier to attend the Annual Meeting of the State Association of City and Town Clerks.
12. To see if the Town wishes to take advantage of the extra \$25.00 per mile granted to the towns by the State, provided the Town spends \$25.00 per mile of their own money on Town roads outside of Winter Maintenance. This applies to No. 101 of the Acts of 1937.
13. The question of Town Officers' Salaries, raising taxes, what provision the Town will make for the higher education of scholars of the Town and any other article unable to be voted on by the Australian Ballot will be taken up at 1:30 P. M. by acclamation from the floor as has been our custom in the past.
14. To transact any other necessary, legal and proper business.

The polls close at 3:00 P. M.

FRED S. HAWLEY,
